This range is produced from recycled material. The base of the mount is made from 100% reprocessed ABS. The handles are reproduced from prime material for impact strength but can be returned to recycle in base production.

No additional charges are made for borders. Logos can also be incorporated at no extra charge, provided we receive good quality artwork.
Die only as price chart with 25% off.

Larger stamps are usually supplied on wood moulding (A). To enable easier use where suitable, these include a holding handle for a comfortable grip. They are still available on our lightning service at no extra cost.

Rocker stamps (B) can be made, but these take a little longer and incur an additional minimum charge of £27.75

Perma Stamp - the original pre-inked stamp. The microporous material contains sufficient ink to give 1000's of impressions. Simply remove the protective cover and the stamp is ready to print. When the impression eventually fades, it can be refreshed with re-inking fluid. We recommend that all perma stamps are refreshed regularly. This will prevent drying out causing contraction and potential damage.

Available in Black, Blue, Red, Green and Violet.

The price is based purely on size - decide the overall dimensions of the stamp (width x depth) and refer to the pricing chart to obtain an instant price. No additional charges are made for borders.

Logos can be incorporated at no extra charge providing we receive original good quality artwork.

For two colour pre-inked stamps allow a minimum of 3mm between colours and add 30% to the price indicated.
